

Correction to "Several Topologies related to the Sazonov Topology"

Michie Maeda

Department of Mathematics, Ochanomizu University Tokyo

The present author would like to make the following correction to the proof of Theorem 2 in [1].

On p. 30. The part from the half of the second line to the end of the sixth line should be replaced by "It is obvious that $\mathcal{F} \neq \mathcal{F}_a$ and $\mathcal{F}_a \neq \tau_g$."
